## James A. McGee Dies After 8-Month Illness

James A. McGee, 77, of 2933 Washington avenue died at 2:10 p. m. Friday at St. Elizabeth Hospital shortly after arriving there. He had been ill eight months, and was hospitalized on several occasions during that time.

Mr. McGee formerly was manager of the local office of the Metropolitan Life Insurance Co., a position from which he retired 12 years ago. He had been employed by the company for 43 years.

A native of Venice, Mr. McGee moved to Granite City six years ago. He was a member of Sacred Heart Catholic Church, the Holy Name Society there and the fourth-degree Knights of Columbus.

Survivors are his wife, Anna Elizabeth; two sons, James L. McGee of Houston, Tex., and Dr. John E. McGee of Ft. Madison, Iowa; two brothers, Charles of Granite City and Dan of St. Louis, Mo.; a sister, Miss Catherine McGee, Venice, La.; and 10 grandchildren.

Funeral services were held at 9:30 a. m. today at the Sacred Heart Church, with interment in Mt. Carmel Cemetery. An obituary appears elsewhere in this issue.

## \$100 Fire Damage

A cigarette that apparently fell from an ashtray onto a divan was blamed for a \$100 blaze about 1 p. m. yesterday in an apartment in a two-story frame building at 2903 Edwardsville road. Firemen said no one was at home when they arrived on the scene, summoned by neighbors, and the name of the occupant was not learned.

## No Action By GC League

City League President James "Red" Worthen said his organization plans no formal action to prevent the sale of bonds, since the group's treasury is depleted and it would be necessary to hire an attorney.

The levee district construction program, which would include the replacement of the Terrace lane trunk sewer line in Granite City, has been under fire from individuals and groups who hold that the sale of the bonds can be accomplished at a great savings if the levee district will make use of area banks and senders, who would charge little or no fee.

Midland's charge for printing, handling and sale of the bonds would be 4% of their face value, or about \$74,000.

## Injunction Sought To Halt Hiring Of Fiscal Agent

An injunction which seeks to halt the hiring of a fiscal agent to handle a \$1,853,000 bond issue for 10 construction projects by the East Side Levee & Sanitary district has been asked for by Omar Brumitt, Cahokia, a member of the Cahokia district water board.

A petition for the injunction has been filed in East St. Louis city court by Joseph Conn of East St. Louis, attorney for Brumitt.

The petition names the five levee district trustees, President Lawrence Tolar, Thomas Hennessy, John Molla, George Duff and Dan E. Costello; Midland Securities of Chicago and the levee district as defendants.

## Ask Tolar To Yield

It asks that the levee district be stopped from retaining a fiscal agent to handle the sale of the general obligation bonds, that a contract already signed with the Chicago firm be voided and that the levee district be required to carry out the contract. Eight reasons are listed.

Brumitt is the first individual or organization to take formal action against the fiscal agent hiring, which has been the subject of a \$600,000 federal grant to the City League, East St. Louis Chamber of Commerce and St. Clair County Taxpayers' Association.

## No Action By GC League

City League President James "Red" Worthen said his organization plans no formal action to prevent the sale of bonds, since the group's treasury is depleted and it would be necessary to hire an attorney.

The levee district construction program, which would include the replacement of the Terrace lane trunk sewer line in Granite City, has been under fire from individuals and groups who hold that the sale of the bonds can be accomplished at a great savings if the levee district will make use of area banks and senders, who would charge little or no fee.

Midland's charge for printing, handling and sale of the bonds would be 4% of their face value, or about \$74,000.

No Cost Through Banks

## The East St. Louis C. of C. met last week with representatives of four East St. Louis banks, and a spokesman said the banks have agreed to handle the sale of the bonds at no cost.

However, Tolar, who is president of the levee board, said he will prove that the agreement with Midland is the least expensive manner in which to handle the bond sale when he speaks before Community Progress, Inc., an East St. Louis civic betterment group, tomorrow at 8 p. m. in the First Presbyterian Church.

A recessed levee board meeting will be continued Wednesday at 8 p. m. in the districts East St. Louis offices.

Brumitt's petition alleges that the contract with Midland Securities is illegal because:

"The security firm's commission exceeds the \$3500 limit which can be paid to any attorney hired by the levee district. He contends that Midland will be performing services for which attorneys must be retained."

"That a bond sold under state law is not one of the allowable purposes for the hiring of a fiscal agent."

"That the legal services which Midland would perform call for the practice of law, and that Midland is a law firm."

"That funds paid to the securities firm would be an illegal diversion of public funds."

"That the fees are excessive, and greater than those ordinarily paid for such services."

"That some of the services to be performed by the Midland firm could and should be those of attorneys retained by the levee district."

"That the contract was approved and adopted at a special meeting of the levee board, not called in accordance with district statutes."

And, that because the fees called for in the contract are not the minimum obtainable, the contract is unreasonable.

Brumitt has indicated that if the levee district sees fit to go along with the Chamber of Commerce

## MORE ABOUT Drainage Benefits

(Continued from Page 1)

age backing into basement and need to plug basement drains now required during even a light shower.

In reply to Noma's contention that his area is without drainage problems, members of the citizen committee have stressed the overall program is for community-wide benefit. Should the state Sanitary Water Board's requirement for pollution abatement be met without separation of sanitary and storm water sewage, growth of the city now halted by an order banning all sanitary sewer connections would be aided with new subdivisions added and further extension of the present sewer system to cause drainage problems in areas never before bothered with flooding.

## Summary Of Costs

A summary of the costs of the citizens' group recommendation lists \$7,300,000 for storm water and sanitary relief sewers with \$1,800,000 to be provided by the levee district for a cost of \$5,500,000 to the city. \$1,400,000 for sanitary sewer interceptors, \$1,200,000 for a sewage treatment plant, \$25,000 for trucks to haul sludge to the dump for a total of \$7,625,000. A \$600,000 federal grant—\$2,025,000 city participation, for an overall total of \$7,525,000.

Estimated charges per residential unit, church or professional office, \$6.50 for a filling station, \$8.50 for businesses, industries and schools, using less than 50,000 cubic feet of water per quarter; \$15.50 for hotels and \$17 for trailer courts.

The volume charge for customers using more than 50,000 cubic feet would be 11% cents per 100 cubic feet. The rates would be based on quarterly water consumption.

It was estimated the total charge for use of storm sewers by industries for discharge of unpolluted water to be \$40,000 a year, with a surcharge for separation of sewage and storm water—"not only the most desirable, but also the most economical program."

Ultimately, other drainage ditches are planned for the area, but development in the Nantok area.

## merce proposal, his court action will not be necessary.

## 2 Members Favor Plan

Duff and Costello are on record as favoring the plan proposed by the Chamber. Costello cast the single dissenting vote against the contract with Midland Securities at the meeting where the contract was approved.

He has not attended any other regular or special meeting of the board of trustees since a court judgment overrode his claim to the board presidency, however.

Duff has attended no meetings since the board was reorganized with Tolar as president.

The three active board members have criticized Duff and Costello for a lack of interest in levee district affairs. "We wanted 10 projects into this one bond issue to make up for time wasted while the presidency of the board was being decided in court," Hennessy said in defending the fiscal agent contract.

George Myatt left the Milwaukee Braves to take a two-year contract as third base coach with the Detroit Tigers.

## MORE ABOUT Ministers Vs. Tavern

(Continued from Page 1)

County Tavern Owners Association, point out areas of the county are highly industrialized and shift workers getting off shift at midnight want a drink before going home. They also stress that taverns in St. Clair county are open practically all night and Madison county taverns are losing business to them. During last week's meeting between a group of ministers and the liquor commission the motive of added revenue to the county from the half-cent county sales tax was pointed out.

Clergymen told the commission the problem of revenue should not be solved through extension of tavern hours. They also said the late shift workers could drink at home instead of going to a tavern.

In addition to petitions signed by about 5000 persons, each ministerial group in municipalities has adopted resolutions outlining reasons for opposing the extension of tavern hours in the rural areas. They also urge the incorporation of areas of the county.

Also on the agenda for Wednesday's county board meeting are the county's appropriation ordinance and levy for 1962, an emergency appropriation of \$7000 for the county home, a \$3450 tax anticipation warrant for a deficit in the veterans assistance fund; purchase of a \$2496 auto for the sheriff's office, a resolution to employ a part-time draftsman for mapping and platting with a salary not to exceed \$3300; resolutions setting 1962 fees for automatic music boxes and the superintendent of highway's salary and an amendment to the county's long range plan of highway improvement.

JAMES WORTHEN

### James Worthen Named To Head Civic League

James "Red" Worthen was named president of the Granite City Civic League in the organization's annual election of officers last week, succeeding Dr. Leo Coleman.

Dr. Coleman was elected vice-president, and Mrs. Virginia O'Beir was selected as secretary-treasurer. All terms are for a year. Coleman follows Raymond O'Beir as vice-president, and Vernon Sappington was secretary-treasurer.

The election was held at the home of Dr. Coleman, 2315 Grand avenue, in a regular meeting devoted entirely to the selection of officers. Candidates had been named a month earlier by a nominating committee.

The organization usually holds the election in October, but this year's balloting was postponed because of the number of other events being sponsored by the Civic League at that time.

### Girls Grow Up

(Continued from Page 1)

parted with two dolls that had belonged to her mother. One of them was "Jane" and the other was a bride doll with a complete trousseau and traveling trunk. Each doll, each stuffed animal, was affectionately handled and called by name. There was the stuffed teddy bear, named Jerry, that Gloria was given about three years ago when she was in the hospital, and Linda's French poodle was her special favorite. Gloria was especially attached to another doll garbed in a nurse's robe, and there also were the stuffed tigers, dogs and bears.

In the assortment of the two girls' heart-opening Christmas were at least 20 dolls with changes of dresses and other outfits. One of the mothers recalled that a few of the dresses were gifts to her daughter from a relative who remarked the doll clothes cost almost as much as adult clothing.

The parents said they were proud of the youngsters for reaching the decision themselves. "We always try to do something extra for the youngsters at Christmas time," the mothers said.

The next regular meeting will be at 8 p.m., Jan. 10.

At last week's session, William Johnson of Alton, who plans to seek the office of county treasurer, was a guest speaker. # Warrior Wrestlers Keep Rolling; Topple Tigers, Oilers And U. City

If any serious challenges are due Granite City high school's wrestling team this year, they are still off somewhere in the future.

Bill Schmitt's Warriors disposed of three opponents in three days — Thursday, Friday and Saturday — and ran up a 5.0 dual meet record and a 2.0 Southwestern conference mark at the same time.

Edwardsville fell 37-8 Thursday evening, and GCHS won its second SWC outing the following evening in Wood River, defeating the Oilers 43-5. On Saturday afternoon, University City, Mo., was another 37-8 victim. In five meets the Warriors have allowed opponents a total of 40 points while piling up 195 themselves.

**Four Unbeaten, Untied**  
Individually, Granite City came out of the first portion of a busy holiday schedule with four wrestlers still undefeated and untied, and three others who are undefeated but have been held to draws.

Buddy Felchlin, Bob Cruse, Bob Kary and Don Pindell are the Warriors with unbeaten records; Roger Bloodworth, Sam Fazio and Charlie Haug are unbeaten but have been held to draws.

Granite City dropped only one bout at Wood River Friday while University City proved somewhat tougher here Saturday.

5-12; 112 — Charles Stierline (UC) defeated MacMillan, 3-1; 120 — Bloodworth (GC) pinned Richard Chortina, 3-15.

127 — Vassilef (GC) defeated Steve Taylor, 8-0; 133 — Felchlin (GC) defeated Steve Kinberg, 10-1; 138 — Haug (GC) defeated Bernie Steinberg, 2-1; 145 — Poole (GC) won on forfeit.

154 — Cruse (GC) pinned Nick Hamilton, 3-30; 165 — Haug (GC) and Mike Kinberg drew, 0-0; 189 — Kary (GC) pinned Charles Turner, 3-59; heavyweight — Pindell (GC) defeated John Dregley, 4-1.

**Down Tigers Thursday**  
On Thursday night the Warriors won the final seven bouts in a dual meet with Edwardsville, broke an 8-8 point tie and rolled on to a 37-8 win over the first Southwestern conference foe they have faced this year.

The early tie at Edwardsville pinned the Warriors to a 1-1 standstill. But, beginning with Buddy Felchlin at 133 pounds, it was Granite City the rest of the way as the Warriors scored 29 straight points while holding the Tigers scoreless. The results:

85 pounds — Roger Buchta (E) defeated Paul Lapinski, 6-3; 103 — Dan King (GC) defeated Ray Carter, 8-4; 112 — Skip MacMillan (GC) defeated Steve Mihalie, 7-4; 120 — Roger Bloodworth (GC) and Bob Nelson drew, 1-1.

127 — Bob Carter (E) defeated Tom Vassilef, 2-0; 133 — Buddy Felchlin (GC) pinned Bill Hoppe, 5-24; 138 — Sam Fazio (GC) defeated Bob Angles, 2-1; 145 — Eldon Poole (GC) pinned Russell Treat, 3-43.

154 — Bob Cruse (GC) defeated Bob Grindsteadt, 6-0; 165 — Charles Haug (GC) defeated Richard Small, 5-0; 180 — Bob Kary (GC) pinned Norman Schoette, 3-15; heavyweight — Don Pindell (GC) pinned Roger Koch, 3-08.

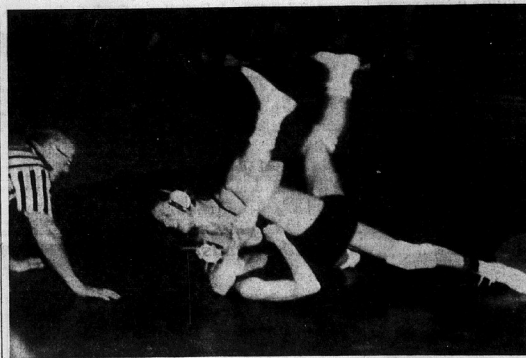

**Prather Cagers Drop Two To Edwardsville**

Edwardsville stopped Prather junior high school seventh and eighth grade basketball clubs here Friday afternoon, winning the first game 36-31 and taking the eighth grade match 27-24. Pope Martinez scored 20 points in the seventh grade game to lead Prather pointmakers. Prather outscored Edwardsville in the final half, but had gone into the last two periods trailing 23-17.

The eighth grade game was low-scoring but close all the way with the visitors on top 13-11 at halftime. Bill Cox led Prather with nine points.

**Plan School Parties**

Louis Baer school Principal Kenneth Williams announced today that his school will hold its annual individual classroom Christmas parties tomorrow. Williams, who pointed out that there is not a room large enough for the entire student body to gather together, said that all students will have seen a special Christmas film in the school movie room by tomorrow. He said the film includes the following stories: "Little Red Riding Hood," "Santa PUNCH and Judy," "The Reckless Driver," and "The Night Before Christmas."

**GAINING QUICK ADVANTAGE** in his 133-pound bout with Wood River's Mike Seward is Granite City high school wrestler Buddy Felchlin, who has Seward in a near-pin situation here under the watchful eye of Referee Don Ingerson of Ferguson. Felchlin did pin his opponent — in 42 seconds of their bout — and GCHS won a 43-5 Southwestern conference verdict.

## Flu Forces Postponing Of VHS Game

The Venice-Breese high school basketball game scheduled for tomorrow night at the Venice gym has been postponed until Feb. 2 due to an outbreak of influenza among members of the Red Devils' basketball team. Coach Bill Ohlendorf reported 10 of the 25 players on the school's varsity team have been out of school Friday, most with cases of the flu. The Devils had played two games in the MCM tourney last week with several regulars sidelined and others "fighting" the flu bug.

The next regularly scheduled game involving Venice is at Livingston Jan. 5.

# Madison Crushes Cahokia 73-43; Wins Tourney Title

## Trojans Breeze Past Opponents At O'Fallon; Have Won Six Straight

Capturing their fifth and sixth straight triumphs without a defeat, Madison's Trojans won the O'Fallon holiday tournament Saturday night by humiliating Cahokia's Comanches, 73-43. Coach Earl McClanahan's Trojans had gained the final by trampling Lebanon Thursday night, 84-56.

"They wouldn't let us set," bowed to Belleville 54-50 recently. "They (Belleville) let us set our patterns," added Lee.

**Trojans Slowed Down**  
Lee pointed out that for the first six minutes of Saturday night's title game, his team had managed to slow down Madison with the Comanche's deliberate style of offense.

Madison trailed Cahokia 44-41 in the opening minutes of play before three steals gained

on the all-court press and a free throw gave the Trojans a 12-8 lead at the end of the first period. Cahokia never threatened again as Madison moved out in front to grab a 35-17 halftime lead.

Freeman scored 11 points in the second stanza for the Trojans and had 17 points at the half. Three other Trojans hit double figures as Mick Gravelle added 13, Roy Haynes 12 and Ken Griggs 10 to Freeman's 23.

Other Madison scoring included: Terry Andrews 6, Ed Petty 6 and Charles Kosek 3. Parris Smith and Tal Fisk failed to score.

Dave Miller was high for Cahokia with 13 points and did not enter the game till the second quarter. Larry Lentz had 6, Bill Yarbrough 5, Burton Bruce 4, Jim Thomas 4, Ron Skaggs 4, and Jim McElride 3, Bill Schmidt 2.

Madison will play tomorrow night at Dupo. The Trojans are 1-0 in conference play, having beaten Bethalto. The win over Cahokia did not count in conference standings but provided a preview of the two teams that were picked to battle for the Midwestern conference crown.

Madison meets Cahokia Jan. 26 there and then hosts the Comanches Feb. 20.

## GCHS Cagers Clubbed By Maroons; Are Improved In Loss To Flyers

The "long season" which Granite City varsity basketball Coach Andy Sullivan predicted some three weeks ago grew longer over the weekend as the Warriors dropped their fourth and fifth straight contests to two Southwestern conference opponents, Belleville and East St. Louis.

Belleville, which rose to the heights Saturday night by pinning a 53-52 loss on Collinsville, thus snapping the Kokob's 35-game winning streak, rolled easily to a 66-32 victory over the Redmen here Friday night.

East St. Louis, a perennial doormat in the SWC—until this year—came here Saturday evening and administered a 66-55 defeat, dropping the Warriors to the conference basement with an 0-3 record.

While the GC-Belleville contest was never in doubt after the first half, Sullivan and crew, and the supporters, could take some heart from Saturday's showing against the Flyers, the GC committed 28 fouls to the best fall on several counts.

Some Good Signs  
Except for a second-quarter cold spell, during which they scored only nine points in eight minutes, and personal foul trou-

ble, GCHS showed definite signs of righting itself in time to make a respectable showing in the forthcoming Pontiac holiday journey.

The Warriors' 55 points were nine more than the club had been able to score in any previous game, and a 20-point third quarter was the best production any similar time limit this season.

The 20 pulled GC from a 22-34 halftime deficit to within five points at 42-47 as the quarter ended. At that point, foul trouble took its toll and the Flyers enjoyed a 19-13 bulge in the final quarter.

outsuared Pick Dehner's outfit by eight points from the floor, but GC committed 28 fouls to only eight for the Flyers, who converted 26 free throw attempts to GC's seven.

Twelve of those free throws were guided through by the Flyers' Jim Long, who played his usual alert game as a rebounder and stuffed through 28 points. Forward Rufus Jones added 14 and Earl Hein 13. Elton Hall, held to one point against Belleville, rimmed 13 for the Warriors.

On Friday night, GCHS will try to recoup against Edwardsville, another team still in search of its first conference victory. The Tigers are 0-2.

The varsity scoring: Granite City—Hall 13, Larry Lilley 9, Glen Hoffman 8, Larry Noblin 8, Charles Papp 7, Jim Proffitt 6, Vic Buehler 2, Perry Tatum 2; East St. Louis—Jim Long 28, Rufus Jones 14, Earl Hein 13, John Willis 7, Mike Hanks 2, Jim Hornbuckle 2.

**8 Point Third Quarter**  
On Friday night, the Warriors found that a home court advantage would not cover up a multitude of bad passes, floor mistakes and inaccurate shooting as they dropped a one-sided affair to taller Belleville, 66-32.

The Maroons' perhaps looking ahead to their Saturday night match at Collinsville, were not particularly sharp, but did look good when fast-break opportunities presented themselves.

Granite City's undoing was a three-point third quarter. The Warriors were down 37-21 at halftime, but were still given a ghost of a chance—until they put through just one of 11 shots in the third period and entered the final eight minutes hopelessly out of it, 56-24.

For the evening, the Warriors shot 25 1/2%, while the Maroons were stuffing through 26 of 48 attempts from the field, more than enough to make up for a 50% shooting mark from the free throw line.

**Shots Are Blocked**  
Belleville's front line of Barry Jackson, Dave Renn and Jerry Jowett, averaging out at 6-5, spent a goody portion of the evening crumpling shorter Granite City's attempted shots back down the shooters' throats.

The Warriors did not quit, but simply could not get the percentage shot, and spent far too much time in aimless dribbling outside the Maroon defense.

Coach Sullivan said afterwards, "We put the ball on the floor too often," Andy observed.

Gary Hearne and Roger Bechtold, Belleville's sharpshooting guard combination, led the Maroons in scoring with 14 points each. Larry Wortham topped Granite City with 12.

The Warriors stayed close until near the end of the first period, trailing at one point by five after Wortham had completed three point play, 8-13. Belleville had built a 21-11 margin by quarter's end, however.

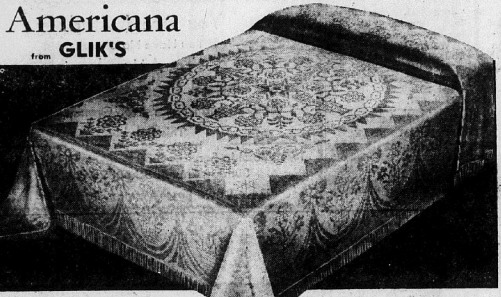

The preliminary game was a real cliff-hanger, with the Warrior Jayvess finishing in front, 44-43. Perry Tatum had 11 points and Gary Sykes 10. The varsity scoring:

Granite City—Larry Wortham 12, Larry Noblin 5, Glen Hoffman 4, Charles Papp 4, Perry Tatum 3, Vic Buehler 2, Bill Boyd 1, Elton Hall 1; Belleville—Gary Hearne 14, Roger Bechtold 14, Jerry Jowett 10, Dave Renn 10, Barry Jackson 7, Jim Payne 4, Joe Bailey 4, Les Lund 3.

Roxana dealt Coolidge junior high school's ninth grade cage squad its first setback in five games in Roxana Thursday evening, helped along by inaccuracy at the free throw line by Coolidge late in the game, 48-40.

The Braves led 16-15 after one quarter, but Roxana had surged ahead 22-21 by halftime, and never lost the lead thereafter. The winners used a zone defense throughout.

Joe Hauptman rimmed 16 points for the Braves, and Chuk Mizerski followed with 12. Coolidge plays Chokla here today at 4 p.m., and is in Wood River tomorrow for another afternoon contest.

## Holiday Tourney, Too

# Six Meets In 10-Day Period For GC Matmen; Riverview, Waukegan Among Opponents

The scheduling of six dual meets in a ten-day period may make Granite City high school varsity wrestling Coach Bill Schmitt's team for several years the terror of the holiday tournament circuit. The team, which in Normal, will host its own varsity meet on Dec. 28 and 29, and has invited eight other schools to participate.

First things first. Tomorrow night, the Redmen will wrestle undefeated Riverview Gardens in St. Louis.

Then, three nights later, Schmitt's grapplers will be the host team for the first four-school dual meet to be held here in three seasons. Friday's opponents will be Waukegan, Peoria, Normal and Granite City vs. (again) Riverview Gardens.

With that on the "hot" list, GC and Waukegan will go it again Saturday afternoon. Wrestling fans will thus get two opportunities to watch in action the only team which defeated the Warriors last winter in the state finals.

The Warriors last spring. The Redmen will wrestle the Warriors for fourth place at Champaign last spring.

Then comes a five-day respite before the Christmas tournament. Teams entering include Sterling (which already has made strong Peoria a victim), Mattoon, Springfield, Lanphier, Jacksonville, and East St. Louis. However, Edwardsville, Wood River, and Champaign.

Then the four-day tourney bouts will be at 2 p.m. Thursday, Dec. 28.

## Classic Leaguers Rally To Win

Both winners in Thursday night's Classic League play had to come from behind to capture their victories as Springfield Insurance edged Ernie & Annie's 60-58 and Ragan's Lumber overpowered Bowland, 80-58.

Trailing 16-11 at the end of the first quarter, Springfield's grubbed a 31-29 halftime lead, only to see it disappear as it trailed 48-47 after the third period of play.

Don Dingsworth paced the fourth quarter comeback and finished the game with 19 points. The winners, Art Borchers, added 15 points. Joe Martinez was high for Ernie & Annie's with 18 markers.

Led by Bob Miller's 27 points, Ragan's scored 32 points in the final quarter to flatten a game Bowland quieted. The legless had led 24-14 at the end of the first quarter and 34-28 at the intermission, only to trail 48-44 going into the final eight minutes of play.

Bob Finkle was high for Bowland with 25 points and Dave Hrysko added 20 markers to Ragan's total.

## Coolidge Clubs Clout East Alton Cagers

Coolidge junior high school seventh and eighth grade teams put together winning basketball efforts for the first time this season here Thursday against East Alton.

The seventh year team romped to a 42-27 decision in the first game after leading 14-9 at the end of a low-scoring first half. Rich Jones had 12 points for Coolidge.

Fighting off a late rally in the eighth grade contest, Coolidge came off on top, 50-40, and shot extremely well from the floor—65%. Four players scored eight or more points in a balanced offense, led by Ricky Turner with 22 and Larry Ripka with 11. Coolidge led 29-16 at intermission.

The two local teams are inactive until next Jan. 4, when they play a double-header in Roxana.

## Worden Takes MCM Tournament Title

Host Worden captured the title in the Madison-Clinton-Madison conference tournament in thrilling fashion Friday night, defeating Bunker Hill 80-78.

The Trojans' winning margin was double their halftime lead in a closely-played but high scoring contest. Worden had 35-34 intermission advantage.

Dave Bruckert of Bunker Hill put through 30 points in a losing effort. Garri Lamb paced the tourney champions with 18.

In the third-place game, complete contrast to the one which followed, Brees topped Aviston 34-29. Both teams played control ball.

## Fire Dept. Recruitment, Appointment Outlined By SIU

(This is the 49th in a series of articles based on a reorganization study of city government in Granite City by Southern Illinois University.)

Recruitment and appointment phases of the Granite City fire department are outlined in the third installment of the SIU report devoted to that department.

"All firemen with the exception of the chief are recruited, examined and appointed by the Board of Fire and Police Commissioners.

"The board publishes a notice in the newspaper at least 10 days prior to the date of the examination. Applicants must have been residents of Granite City for one year and be between the ages of 21 and 35. They take a written and a physical examination by the pension board doctor. Before appointment by the Board of Fire and Police Commissioners, character and arrest record check is run on the top men by the police department.

### Revisions Suggested

"The type of the examination used is adequate except that there are too many questions requiring specific knowledge of the fire service. A recruit is not expected to know any of this material at the time of his appointment.

"The purpose of the examination should be to discover the basic intelligence and general aptitude of the applicant. The examination should have vocabulary, comprehension, mathematics questions and should have visualization and memory questions in which the candidate is shown a picture for a set length of time and then answers a series of questions on it.

"Knowledge of firemanship should be limited to promotional examinations.

### Promotions, Suspensions

"The board also is responsible for promotions and suspensions. Promotions have been based upon competitive examinations but upon seniority and the fireman's service record. The board

should set up examinations for promotions based upon knowledge of firemanship and supervisory techniques.

"Not only would this assure that the best men become officers in the department, but it would give added incentive to the firemen to study the field. Knowing that each man has a chance for promotion based upon his ability would improve the morale of the department.

"The Board of Fire and Police Commissioners should take a membership in the Public Personnel Assembly, 1313 East 60th street, Chicago. Not only would the monthly publication be helpful, but the publications and testing services would be valuable to the members of the board.

### Publish Rules, Procedures

"The Board of Fire and Police Commissioners should prepare in published form its rules and procedures in recruitment, appointment, promotion and in discipline, suspension and removal of fire department employees. This

is not now available. The firemen should be tested regularly on this material as well as other departmental rules and regulations.

"The officers of the department, the chief, assistant chief and the nine captains should enroll as a group in the "Municipal Fire Administration" course prepared by the International City Managers' Association. The course should be handled by an outside expert and should be scheduled so that each of the captains spends nearly equal time attending class while on duty and while off duty.

"In setting up this course, the mayor as chief executive should stress the importance not only in terms of present job proficiency but of future promotional opportunities.

"It should be the duty of all departmental officers to develop their proficiency as administrators as well as firemen since the higher the rank, the more of their time will be spent in administration."

## Last Minute Here To Mail Yule Packages And Cards

"While the time to talk about 'Mail Early for Christmas' has passed," Postmasters Theodore Overlook of Granite City, Harry R. Johnson of Madison and Charles Simmons of Venice said today, "last minute mailers can help us tremendously to avoid serious pile-ups of Christmas mail if they'll get all of their Christmas cards and gift packages on their way within the next 24 hours.

They suggest use of Air Mail for every Christmas card and gift package going to distant places.

Here are a few of the Postmaster's important reminders about Christmas mail.

"Don't mail money in Christmas gifts or parcels. Use Postal Money Orders or checks.

"Be sure to include full name and address, postal zone numbers, and your return address, written or printed clearly on every card and package.

"While Christmas cards may be sent unsealed for a three-cent rate, the four-cent first class sealed rate is best because it automatically assures forwarding if the addressee has moved and has left a new address, or the card is damaged or it is undeliverable (providing you have put your return address on it).

"Parcels containing delicate gifts must be marked 'fragile' and food stuffs should be marked 'perishable' if they are subject to spoilage.

"The postmasters expressed their great appreciation for the fine cooperation of the public, so far, and went on to say, 'Now that we are coming to the end of the big rush, let's all keep up the good work so we can have every mail bag empty and every post office employee relaxing at home on Christmas Eve.'

## Madison Holiday Displays To Be Judged Wednesday

Exterior home lighting displays for Christmas will be judged in Madison between 2 p.m. and 9 p.m. Wednesday by a panel of judges. The five displays regarded as most outstanding will be awarded \$20 each by the Madison Rotary Club.

The contest, sponsored by the Rotary club in cooperation with the Illinois Power Co., annually attracts many participants. For entry is not necessary, since all residences in Madison are viewed by the touring judges.

Identity of the panel is not announced, but it includes authorities in the field of artistic home decorations.

### Sternberg To Head SIBA

Gene H. Sternberg, local contractor, was named president of the Southern Illinois Builders Association last week at the organization's annual meeting and election of officers at the SIBA office in Belleville. Replacing J. J. Altman of East St. Louis, Sternberg will take office in January for a one-year term.

### Enrolled In Teaching School

#### County Medical Group Approves Blood Plan

The Madison County Medical Society has approved establishment of an organizational blood program in the Quad-Cities, and clarification of the Tri-City Medical Society's stand is being sought, Floyd Mitchell, Red Cross chapter chairman, has announced.

The initial reply of the local medical society noted that "we shall continue to cooperate with the Red Cross blood program but do not desire to become a part of the group participation unit. We feel that our hospital blood bank fulfills the needs of this community much more completely, consistently and promptly than your proposed group participation plan has been able to provide for those hospitals with which we are familiar in this vicinity."

The Red Cross board of directors has authorized creation of a participating blood program if necessary approvals can be obtained. Acting on the basis of organizations' requests for such a program, board members had learned of many families' difficulty in obtaining a sufficient number of donors, and noted an increasing problem in meeting emergency blood appeals due to their frequency.

Not all local families limit their hospital treatment to the local hospital, and all Quad-Cityans lack blood protection during out-of-town trips unless they or members of their immediate family have given blood to the Red Cross within the year, the board has noted. In contrast, under the participating plan, only 25% of the members need to contribute blood in order for an entire organization and its families to be covered.

The protection provides for blood needs even in the event of serious illness or accident requiring large quantities. Under the existing system, families must locate enough donors or pay costs of replacing the blood. Mitchell has noted that doctors are not necessarily being asked to be one of the participating groups. However, the medical society's authorization is needed in order for groups of all types to join on a 25% basis. No contact has been made this year with hospital board officials, who approved the proposal last year. A chapter committee failed to pursue the plan last year after preliminary steps for its establishment were taken.

... soil-cement pavement grows stronger year by year!

Cores cut from the first soil-cement road in Illinois show that soil-cement gains in strength from the day it's laid.

Since 1936, when the Illinois Division of Highways pioneered an experimental project in Winnebago County, soil-cement has become a major paving material for secondary roads, city streets, airports and parking areas. Today, more than 7,000,000 square yards

have been built in Illinois. Virtually all of this pavement is still in use.

Inch for inch, soil-cement is the strongest pavement short of concrete. There is no softening, no break-up after a hard winter. That's why upkeep costs stay low.

Today's engineers in Illinois and other progressive states are making soil-cement America's fastest-growing low-cost pavement.

# CHRISTMAS OVERSTOCK SACRIFICED!

## A Sale With a Reason . . . Not Just an Excuse!

You, the homemaker, are constantly besieged with advertisements of merchandise called bargains at prices reduced from much higher "list prices." Many of the values are authentic; some, possibly, are not.

However, no one can offer a legitimate bargain unless they have a legitimate reason for doing so. Fredman Bros. have such a reason for offering values far beyond the usual! The last six months have been among the busiest in our history. Business has been good; it has been so good that we have reached our profit quota for the year. Most of anything else we make now would be paid out in taxes. Therefore we've slashed prices throughout the store with only 3 things in mind:

1. Show our appreciation to our customers and friends in the Quad-City area by offering them an opportunity to buy all their Christmas gifts at "After Christmas" prices.

2. Reduce the overstock now instead of waiting 'til after Christmas.

3. Open up 500 new accounts before the end of the year.

Therefore all merchandise will be marked down as much as 30% to 60% just as if it were after Christmas but you can still have it delivered in time to give as a Christmas gift.

OLD DRUG STORE CHAIRS STRIKE NOSTALGIC NOTE

To the Editor:  
Looking from the bus on a spring-venturing morning last week I was gently thrilled to discover a turn of the century luxury in one of our local drug stores. Brightening the already sleek new sets of the pavement to gleaming plate glass, there were three sets of tables and chairs that used to grace the floors of drug stores long, long ago.

This brought back memories of many a soothing sundae and soda! And I sniffed the ancient and delightful aromas of the old, ice-cream parlors. This was the time when you went in to buy ice cream and candy and not to eat it. It was a time when you could dream a little and not have your ears pinned back by a sonic boom.

So the next time I go into Miller's I am going to order a double chocolate sundae and a soda and dream a little more, in my own city while there's still time. I think the important things are happening now, monkeys orbiting the globe, nightmarish skies disturbed among the diplomats, I need time for reflection.

In this almost too fast age when the annual days of the person are numbered you might make a note of it that an old time drugstore put some old time chairs in a new window. It has its significance. Chairs are for reflection and meditation and slow considerations, for loafing with a purpose, and for just resting while you wait for the traffic jam. By could be the majority of the people in the world look to rest in the chairs more often the smoke of the peace pipes in the valley will reach this shaken generation.

MR. JOHN  
SAYS PUBLIC APATHY DESTROYS DEMOCRACY

To the Editor:  
Mr. Joe Keuenhoff writes in today's (Dec. 27) issue of the Press-Record that he is following with great interest the various views of contributors to the forum column which remind him of the extreme left or right which might be expected in his former homeland. If Mr. Keuenhoff had been willing to express his opinion of the forum openly and had more of his countrymen done the same Hitler nor any other dictator would have seized power.

Political extremes can only destroy democracy when free men do not exercise their right to vote and to voice their opinion. Public apathy and weakening standards of ethics and morals will do more to destroy democracy than a free man's opinion, no matter how extreme.

The "Voice of experience" can watch and weep, but if others aren't willing to talk and act there may not be much to weep or weep over, be he a Granite City millionaire or just a man with much experience.

Sincerely,  
JOSEPH BIENIECKI

AGREES AMERICA NEEDS NEW WAVE OF IDEALISM

To the Editor:  
While visiting in Granite City the other day I picked up your newspaper and I noticed the editorial entitled "The Stomach-Turning Point." It struck it again and again and then I read it in my scrapbook.

Needless to say, I liked it very much and agreed with it 100 percent. Americans used to be and most of them still are decent, honest and law abiding. But somehow, somewhere along the way, something happened.

Anyway, congratulations on your fine editorial. Thanks again for keeping up the good work. As Mr. Ambrose of the Globe-Emerald said the other day, "The fight for justice is often a lonely battle," but someone will have to do it to if we want to live in a civilized society.

NOT ALLOWED TO SPEAK AT 'CHAOTIC' MEETING OF CITY COUNCIL

I attended the "open meeting" of the city council Dec. 4 to support the drainage-pollution proposal that I believe to originate from the G.C. Steel Blast Furnace and which I expect to be reflected and meditated and slow considerations, for loafing with a purpose, and for just resting while you wait for the traffic jam.

After Skubish gave a report and a discussion, discussion was opened by Chairman LeMaster. After several councilmembers discussed the idea, I raised my hand to support Mr. Skubish's views. I was not allowed to speak.

Secondly, when an individual is elected, he should have or have authority to conduct and attentiveness to position requires. Thirdly, if more to do more to destroy democracy than a free man's opinion, no matter how extreme.

While the "Voice of experience" can watch and weep, but if others aren't willing to talk and act there may not be much to weep or weep over, be he a Granite City millionaire or just a man with much experience.

STATE LAW COULD HELP ACHIEVE EARLY CLOSING HOUR FOR TAVERNS

To the Editor:  
To the public — how do you feel about the tavern closing hour issue?

I have talked on the telephone to each of the 12 supervisors in our area. I will pass on my views to the public.

In my opinion six were undecided, hedging or definitely against the idea. The other six were in favor of it.

Five made statements in favor of the idea. The other five were in favor of it. The other five were in favor of it.

William Webb Jr., especially, was a man who plans to thoroughly consider the issue and try to be a fair public representative under the law. I hope and expect that he will be successful.

Let's strive for a real Christmas, a real celebration, just another holiday. Remember the hearts of men enforce and make our city a better place.

Drainage-Pollution Proposal Holds Key To Health and Welfare of All Granite Cityans

After nearly three years of exhaustive study, the Granite City council now has received, from the 25-member Citizens Sewer and Drainage Committee, a comprehensive drainage-pollution proposal that will adequately protect citizens and also comply with the law.

This is unquestionably the greatest single milestone in the city's history if it goes through; whether it goes through is up to the city council. On the outcome depends the health and welfare of all Granite Cityans, as well as the city's future growth—for all expansion presently is stopped by order of the Illinois Sanitary Board.

The proposal is substantial in cost, as might have been expected after so many years of insufficient attention to drainage-pollution problems, but the benefits are equally substantial, if not more so. And the financing plan, which includes \$7,525,000 revenue bonds and \$2,400,000 Federal and Levee District aid, contemplates that only users of the sewerage system will be taxed.

Estimated at \$3.40 per month for the average householder (present monthly payments included), more for larger users such as business and industry.

The \$9,925,000 total program offers Granite Cityans these specific advantages:

1. Citywide separation of storm water and sanitary sewers (the obsolete combined system in older parts of Granite City will be modernized to meet requirements laid down by Illinois in the last few years for new sewers).

2. Elimination of sewer back-ups which have caused enormous damage to homes and businesses in the past.
3. Treatment of all sanitary sewage (via the separate system) at a cost of \$1,700,000 less than would have been possible under the outmoded combined system.

4. Adequate drainage for storm water, thus preventing effluent back-ups and overflow in the Namooki sanitary sewer area during rains when the old combined sewers are full. This contamination now spreads over streets, yards and into the open drainage ditch leading to Horseshoe Lake.

The benefits of the new system will be realized only if the city council approves the citizens committee's recommendation — a recommendation that is thoroughly documented by comprehensive engineering and financial data. The city council must also approve the ordinance to proceed with the project.

While the \$9,925,000 program is not as complete as the original \$16 million proposal, which Gov. Otto Kerner killed by his surprise veto of \$10 million aid from the Federal Government, the \$9,925,000 program is the best solution available.

For the health and general welfare of all Granite Cityans, for the future growth and well-being of this community, it should be pushed ahead with all speed.

25 YEARS  
The following items were taken from the files of the Granite City Press-Record:

Twenty candidates, the largest class since Mother's Day of 1928, were initiated into the local Eagles lodge yesterday afternoon in the presence of many guests.

Approximately 30 merchants of the Tri-Cities met together last Friday evening to discuss ways and means to block numerous bankruptcies pending this city.

## Urgent That Public Speak Out In Support Of County Zoning

Much misinformation and distortion are being circulated on the Madison county zoning proposal and unless supporters begin making themselves heard, the whole program may be in jeopardy. We urge that you speak up.

Opponents have every right to be heard at the public hearings. In fact, this is one of the major purposes of the hearings. The final zoning plan then will be altered to include many of the changes suggested by the public.

However, repeated inclusion by some speculators in personalities, misrepresentation, verbal abuse and even threatened physical abuse is untoward. It leads to suspicion that an attempt is being made to raise a cloud of uncertainty and fear in place of facts. And the facts clearly show that zoning does not unduly restrict property owners' rights.

Even more ludicrous—if it were not so effective in swaying uninformed audiences—is the contention that zoning will be costly to taxpayers. The reverse is true, since zoning can unlock the door to growth and greater sharing of the tax burden.

Many people know that zoning is vital to this community and the county. But few of them are attending the hearings, where expression of their views can be most effective. Remaining hearings are scheduled at Worden and Hamel at 3 and 7 p.m. tomorrow, respectively, Livingston and Alhambra at 3 and 7 p.m. Dec. 27, St. Jacob and Marine at 3 and 7 p.m. Jan. 2, Edwardsville and Russell townships at 3 and 7 p.m. Jan. 3, Nameoki and Collinsville at 3 and 7 p.m. Jan. 9, Wood River and Godfrey at 3 and 7 p.m. Jan. 10 and Chateau and Venice at 3 and 7 p.m. Jan. 16.

Those unable to attend could aid the zoning cause by telephoning or writing their township supervisors and assistant supervisors.

## Uniformity Of Tavern Hours Still The Basic Issue Facing County Board

Tavern hour action scheduled for Wednesday by the Madison County Board of Supervisors will be in the public interest only if it fosters uniformity of closing hours between unincorporated areas and cities. This point must not be overlooked in the whirl of petitions, conflicting comments and talk of a compromise.

Beet from both sides by advocates of early and late closing, board members might look for a middle course to follow. But, in reality, there can be no sound guidepost other than uniformity. This is the basic issue, not how much sales tax revenue is earned, but how many hours shift workers prefer to drink or even the moral aspects involved.

Most cities in this area have a 1 a.m. tavern closing law, the same as the county's former closing hour. Unless this is restored, the unincorporated section could become a late-hour hangout for all night drinkers, troublemakers and hoodlums from cities and from areas outside Madison county.

## Levee Ruling On Terrace Lane Sewer Bids Will Help Keep Costs Down

The decision of the East Side Levee and Sanitary District trustees to open Terrace Lane sewer replacement bidding to all previous bidders is a practical and realistic approach to getting the best job done at the lowest possible price.

Under the district's regulations, four of the five contractors who bid on the project when the city intended to do the work would have been excluded, unless the submitted detailed financial statement could qualify as a bid.

With the special board ruling, we hope that all those who bid in November will do so again, along with any other contractors, in spite of the fact that their initial bids have been disclosed.

The proper way to start reforming the world is to reform yourself.

## Fire Alarm Proves To Be Broken Auto Heater Hose

Firemen from the West Grant station answered a false alarm about 2:10 p.m. Sunday in the 2300 block of Missouri avenue, where a resident of the area with the motor idling and that a heater hose connection had broken causing steam to pour from the auto, giving the impression it was ablaze.

The owner was listed as E. Patterson, 2669 East 23rd street. No fire loss was reported.

## THE LAST SPEAKS

REV. ALFRED BULLS  
Hope Lutheran Church

There can be no doubt in anyone's mind that people are preparing for the coming Christmas season as they are caught in the mad rush of shoppers on one of our downtown streets these days.

The giving of gifts has become a tradition all over the world. In a society with a high standard of living, it is only natural that this giving should become more and more elaborate with the increasing amount of available goods and ideas.

In fact, it's hard to shop these days because you see so much that the problem is what not to get rather than what to get. In the time of preparation, the real preparation for Christmas must break through through the season's sea of things and brief memories lingering.

It's true that the death of personal preparation for Christmas, as the birth of the Savior, is first in your life. It's true that the account in Luke would not make real gold in exchange for the "new life" copy for a "jet-age" advertising life brings.

## ADOPTION PROCEDURE IN ILLINOIS

Very often in our society a situation arises in which it is desirable to substitute a parent or set of parents for a child's natural parents. This may arise as a result of the death of natural parents, the abandonment of the child by the natural parents, the death of natural parents or from other causes. The procedure to effect this substitution is contained in the Adoption Act of Illinois.

The act specifically states that the welfare of the child shall be the primary consideration in adoption proceedings and consequently a judge must keep this consideration uppermost in his mind in deciding whether or not to allow an action for adoption.

How It Is Done  
The basic procedure to be followed in an adoption may be outlined as follows. First, the petitioner must file a petition for adoption with the court in the county where the child is located. The petition must be signed by the natural parents or the person who has custody of the child.

Secondly, the adopting parent must file a petition setting forth certain required information concerning themselves and the child. This is filed in court within 30 days after the petition for adoption is filed. The court will usually inform the records so that unauthorized persons will not have access to information therein. Also, a new birth certificate will be issued by the State showing the child as a child of the adopting parents.

This column is written to inform and educate. No person should ever apply or interpret any law without consulting with a lawyer. The purpose of this column is to provide information in the facts may change the result under the law.

## Your Governor Reports

OTTO KERNER

Seven of 14 items on the agenda of the special session of the Illinois General Assembly were of major importance. Two of the seven were approved by the legislature. The remaining seven failed. Of the remaining seven, two passed.

Reapportionment of the state into 24 congressional districts emerged as the most controversial issue in the session. Two separate conference committees composed equally of Democrats and Republicans were necessary before agreement could be reached. The conference committee was appointed after the first committee failed to agree. Reapportionment was approved in the closing minutes of the session Nov. 22. While members of both parties have expressed satisfaction with the results, the important aspect is that the reapportionment was approved. Failure to reapportion the state would have been a great disservice to the people of Illinois.

The second measure approved was that of increasing the rate of the State Bar Association from 18 to 27.

Measures defeated included state aid for transportation of pupils to schools in Chicago, establishment of 18 additional court judges in Chicago and the Corporate Franchise Tax. The bill for the additional Superior Court Judges was passed but the number was reduced from 18 to 17.

## State Traffic Count For GC Shows Peak of 18,000 Vehicles On Nameoki Rd. At Jill

Confirming local contentions, a state highway department traffic survey of Granite City shows Madison avenue and Nameoki road north of Madison avenue to be the most heavily traveled thoroughfares.

The latest traffic count, made by the French Village office of the division of highways, was received Friday at the office of the Tri-Cities Chamber of Commerce for use by its transportation and highway committee, headed by A. W. Morris III.

The map also is to be made available to the City Planning Commission for its use in working with the city council for future street programming.

The map, listing flows of traffic on all major streets, was compiled by state highway engineers to show an average 24-hour period. No specific dates are listed for the counts made last year.

**17,000 On Madison Ave.**  
Granite City's peak load of traffic in a 24-hour period is the block of Nameoki road between Madison and Jill avenues, where north, dropping to 12,200 at the intersection.

The decline is steady to the intersection.

The third most heavily traveled street is Edwardsville road, dropping to 10,500 at the intersection with Madison avenue, then dropping to 10,000 at 21st street, increasing to 11,000 at the Nameoki road intersection, and then dropping to 6,500 north of Nameoki road.

No figures were listed for Niedringhaus avenue, but the map did show counts for other east-west streets with 20th street carrying the top traffic load.

At Edwardsville road, 20th street totaled 6,000, increasing steadily to 9,500 at Madison avenue, then dropping to 8,500 at State street to 8,300 at Niedringhaus avenue, 7,400 at Adams street and 7,200 where it joins Missouri avenue.

Missouri avenue's count was 6,100 immediately north of 20th street, increasing to 6,500 at 22nd street, then dropping to 5,400 at the city limits. Highway 67a at the A. O. Smith Corp. plant, which is inside the city limits, carried 5,000 vehicles in the 24-hour period jumping to 5,700 north of the plant.

**Edison Bustled Downtown**  
In the downtown business district, the peak traffic load — 6,300 vehicles in a 24-hour period — is in the 1900 block of Edison avenue. The Edison avenue count in the 1800 block was 2,200, while in the 2000 block it dropped to 1,900.

Delmar avenue in the short 1900 block south of Niedringhaus avenue carried 4,100 vehicles, while the full 1900 block

18,000 vehicles were counted. The second highest count was 17,000 in the 2200 block of Madison avenue.

The Madison avenue traffic count varies in each block for its entire length. The low is in the 2800 block with 13,900, the 2800 block with 13,400 and 2700 block with 13,800.

At 14th street, the Madison avenue traffic count was 14,000, jumping to 15,500 in the 1700 block, to 16,000 in the 1900 block, dropping to 14,000 in the 2000 block and then increasing to 16,000 in the 2100 block and the peak of 17,000 in the 2200 block. At 23rd street, the count dropped to 15,500 and the decline continued down to 13,000, before 30th street, where it increased to 14,000.

Nameoki road traffic after peak of 18,000 in the block between Madison and Jill avenues drops to 14,800 south of the Feihling-Johnson road intersection and to 14,100 north of the intersection.

The decline is steady to the intersection.

#### CUBS DECORATE TREE FOR GIFT

Cub scouts of Pack 91, sponsored by the Nameoki Presbyterian Church, decorated a Christmas tree as their December project of "gift giving" at a monthly meeting Thursday evening, held in the cafeteria of Nameoki grade school, with Catherine Willis Shepard in charge.

Den Three, under the direction of the den mother, Mrs. Janet Underwood, led the pledge of allegiance and sang a well-known song for the opening ceremony. Shepard led group singing of Christmas songs.

A parade was held for the decorating of a large tree, with each cub hanging an ornament that he had made or brought. Members of the committee previously had placed lights on the tree. The tree will be presented to the sponsoring church, which in turn will give it to a family unable to have one otherwise.

Mrs. Evelyn Cross, den mother of Den Five, narrated a Christmas story and the cubs provided sound effects, using plectrums, paper-covered combs, whistles, wooden blocks and a drum. Mrs. Jerry Ray assisted Mrs. Cross.

John Stay, district commissioner, conducted an unusual boba ceremony for the induction of Tammy Cardwell into cub scouting. All the component parts of cubbing—youth, pack, leadership, meetings, pack meetings, sponsor and parent participation—were tossed into a kettle and out came a fully-dressed cub in this case, a wooden figure dressed in blue and gold.

Shepard awarded lion badges, denim stripes and arrow points to the following cubs: Bob Wilms, Roger Underwood, Michael Milton, Steve Glasco, Jim and John Rehagen, Donald Durbin and Rickie Caldwell. Year pins were presented to Steven Anderson, Steven Glasco, Michael Milton and Jim and John Rehagen and two-year pins went to Jim, Steve, Donald Durbin, Rickie Caldwell, Bob Causey, Philip Lamm, Roger Underwood, Billy Schermer, Jerry Rank, Gary Schmitz and Bob Wilms.

Committee members present with pins for their years of service to the pack were Mrs. Vera Pittman, Mrs. Underwood, Ben Lamm, Omar Rank, Mrs. Louise Anderson, Fred Rehagen and Victor Anderson. Lamm presented Shepard with a service pin.

Games for the children and adults were under the leadership of Kenneth Cardwell, assisted by Fred Rehagen, Shepard, Rank and Lamm. Refreshments were served by Don Orr, with Mrs. Anderson in charge. The next meeting of the pack will be Jan. 26 in the cafeteria.
